

# MYERSTOWN EAST END DAYS

September 17 at 6pm, September 18 at 9:00am

## Garden Tractor Pull - Friday Evening

For safety, please use factory hitch or use these guidelines. Hitch height shall be a minimum of 1" below center axle line and the maximum height shall be 10" from ground. No prizes - just a good time among friends!

## Antique Tractor Pull

Tractors will pull using a weight transfer sled with classes starting at 2500 lbs. up to 8500 lbs. Honor system of tractor weights - come with accurate weight ratings. Maximum hitch height is 20" and minimum length of 24" from center of rear axle. Join this just-for-fun event! No prizes - just a good time among friends!

## PTO Tractor Dyno

Don't want to get your tires muddy? Hookup to our PTO dyno - it's all about blowing smoke!
